Teacher Connect sessions are recommended for your child to collaborate with their class and to get direct interaction with their teacher. Some Teacher Connect sessions through Zoom will be recorded, so students can access the lesson at another time. There may be days that the teacher or your child cannot log into Zoom meetings. Understanding and flexibility are important during these unchartered times. We realize the internet may be slow or down, technology may need to be shared, staff, students and families may have young children at home, etc. We will do our best to accommodate. If live Teacher Connect is not an option for your child, make sure to check with your teachers daily through email, ClassDojo and/or Edmodo.

To support students with IEPs, school districts are given flexibility to provide alternative services with their ESE providers. Mrs. DiMartino, Ms. Balbi, Mrs. Emerson, and Mrs. Arnold will be contacting families to setup a schedule for flexible servicing.

If you need assistance from our counselor, Ms. Cronin, please email her directly at elaine.cronin@imageschools.org
